Fremont is synonymous with fun, a neighborhood of unexpected and unconventional entertainment. Stand at the center of the Center of the Universe, visit a Troll who turned to concrete while munching on a fahrvergnügen, gaze upon our Soviet-era Rocket, and shake a finger with Lenin (Vladimir, that is.)

Throughout the year this unique community of locally-based shops and distinctive eateries, welcomes outlandish events, including: The Fremont Solstice Parade led by the painted cyclists, art cars inside the Fremont Fair, and chainsaw pumpkin carving at Oktoberfest.

With something for everyone and just a short bus ride or nice stroll along Lake Union from downtown Seattle, Fremont is truly the Center of the Known Universe!! Come let your inner sprite play.
